

Cambridgeshire Report - January 2011

The move to the Eaton Oak for January meeting proved to be a very good idea. Sunday the 16th was a bright but chilly day, none the less 25 cars turned out for the best attended and most lively meeting since last summer. The hospitality at the pub was great even though we nearly filled their good sized car park.

We were delighted to welcome Sion in his blue Griff and Oliver in his gun metal Cerbera to their first local meeting and hope that we will see a great deal more of them in the coming months. We were also pleased to see several guests from the surrounding Regions.

The plan is to hold the February and March Sunday meetings at the Eaton Oak again and then as we change to the Summer Thursday Evening Meeting move around the county.

Saturday the 29th was the annual 10 pin bowling event. There were 20 participants and this year the ladies dominated with Jean being the overall winner, so she will have to look after the trophy carefully for the coming year. Jean was closely followed by Zoe, our multi talented RO. I am not sure if the ladies have been practicing or the men are just getting old and past it but Kevin, who is now the custodian of the men's trophy came a distant third overall.

January has been a month of plotting and planning for the year ahead. Quite a few events are now confirmed ranging from local run outs to intrepid cross continental expeditions.

These include:

Sunday - March 13th - Meet the Neighbours - run out to Northants Regional Meeting

Sunday - March 20th - Club Meeting mid day at the Eaton Oak, Eaton Ford PE19 7DB

Saturday April 2nd - Visit to Bespoke Performance Cars, Hertford.

April 9/10th - Annual weekend away (details still be finalised)

Thursday April 21st - 7.00 - Club meeting (venue to be advised)

May 1/2nd - Rushden Cavalcade

June 3/5th - TAG 11 - TVRs at Goodwood.

June 6/14th - Overseas trip to Karlsruhe Germany to join up with TVR owners from Germany Austria and Switzerland.

There are several other events being planned so watch the emails and keep an eye on the newly revamped website (thanks to Nick) for final details.
