

Sprint March 2011

Cambridgeshire Report.

The Meet the Neighbours run on the 14<sup>th</sup> March was popular with 7 cars from Cambridgeshire bravely heading off to darkest Northamptonshire disregarding the unknown hazards en route. As expected there was a very warm welcome despite the chilly and overcast day.

The monthly meeting at the Eaton Oak goes from strength to strength. This month there were 23 TVRs in the car park plus the usual hangers on including Dave (plastic man) and Debbie in their newly created Jaguar C type. Dave is quick to point out that there is still a lot of work to be done but it certainly really looks the part so far even though it will certainly be better with a proper Jag engine rather than the current Volvo lump. Although he's got the goggles Dave still needs the proper flying jacket to complete the image but he is finding it difficult to mould one in fibreglass.

Cliff and Dawn were proudly showing off their newly acquired pale blue Tuscan 2 and comparing notes with other Tuscan owners. It looks really nice and their very clean and highly polished new baby makes mine look rather well used but then I guess it is.

From April the monthly meeting will move to the 3<sup>rd</sup> Thursday evening each month and the plan is to move around the County during the summer. However, we thought that being TVR owners too many changes at one time would be difficult so changing the day was enough without changing the venue so the April 21st meeting will be at the Eaton Oak as usual.

The meeting on Thursday May 19<sup>th</sup> is planned for the British Queen (the pub that is) in Meldreth. The new owners of the pub are very keen to go up market and improve their image but little do they know. Keep an eye on the website and newsletter for further information.

Planning for the trip to join up with German, Swiss and Austrian owners in Karlsruhe, Germany is well underway. It looks as though at least 6 cars will be going and bookings are in hand. The plan for some of us is to go straight from TAG to Folkestone, take a couple of days to drive over to Germany and then spend three days in the Black Forest before joining up with our Teutonic friends in Karlsruhe.
