

February 2008 Report from Cambridgeshire Region

December turned out to be quite a busy month in the end, first of all was the Driving Quiz which turned out to be a 4 part multiple choice paper, about stopping distances, road signs and other high way code gumpf that we'd all forgotten years and years ago. Then we had our Christmas dinner at the Swan on the 16th with a total of 28 turning out for the evening meal and the small presentation for the Annual Bowling Trophies. This year we also had a Booby prize and seeing as Andy S had won every event he'd taken part in we decided he should have this prize as well – please can someone beat him this year !!

We had a good turn out for the Post Christmas Blues Run, a total of 12 cars left St Neots – OK 10 left and the other 2 followed a little later once they got back from fetching Rob's spare Tuscan keys. Funny story you know; you park up, get out, shut the door (leaving the keys in the ignition as you're only getting out to say hello) then as the windows wind up the car locks itself! I know we've all been there, seen that.

Well with 9 other blokes standing around (4 of them being fellow Tuscan owners) you'd think it'd be easy peasy as one of them was bound to know the super secret way to open the doors.

Well they all did but it wasn't that easy as after 30mintues of trying Rob was despatched home with Richard to fetch his spare keys, however us TVR lot are not that easily put-off so following a bit of ingenuity with a coat hanger and some electricians tape, all was well again as we'd managed to retrieve his keys – just a shame that Robs mobile was in his Tuscan so we couldn't let him know we'd been successful. Once the run finally got underway (albeit with some slight variations along the planned route) we all made our way from St Neots, via Woburn Sands ending up in Wistow where Richard & Patsy were ready to welcome us with some fabulous home reared hot pork rolls – Thanks Guys it made a great end to the day!

I hope January turns out to a bit quieter as I need my sleep,
So till next time take care
Zoe.
