

Report from Cambs Region – August 2008

Well I'm back, did ya miss me?

What can I say other than our holiday in France, Switzerland and Germany was incredible. The scenery was too beautiful for a mere 400 words, so I'll have to write a proper article and submit it to Sprint. The highlight of the holiday was the 80+ TVR convoy through the Black Forest and Chris Willy the organiser had even managed to secure prominent parking for the static display in the centre of Donaueschingen, with TVRs parked everywhere, including his Cerbera inside one menswear shop! The Black Forest TVRiders are fantastic people and we hope to go back and see them again.

We had a great meeting in June, with a surprise visit by the Northants & East Midlands gang, it was a great sight to see the car park chock a block with a total of 23 TVRs. Sorry if I didn't get all of your names but I did manage to speak to Crispin, Adam, Mark, Steve & John so I'll have to promise to make sure I get everyone's next time any of you gus fancy coming over again.

We had a marvellous turn out for the East Anglia Childrens Hospice Gala Day, with 6 TVRs, Civid Type R, Audi TT Roadster and a race prepared Mini to provide the dream rides for the kifs. So a big thank you goes out to Fred & Gill, Andy & Theresa, Trevor & Jean, Fez & Fiona, Ian, Pat, Nicky, Paul & Su, Malcolm & Linda for giving up their Saturday and helping raise a total of £ 3,000 on the day. All the cars were in action throughout the day and I think the best comments received by far were....for Nicky's Cerbera "wicked car and it's driven by a girl" and the Ian's Audi "it's really fast and it's got heated seats".

Also a gold star goes to Dave & Kendall for the superb BBQ they did for us all after the Gala day – thanks guys.
