

April Report from Cambs TVR Region

Hi guys,

February brought us some very interesting driving conditions with more snow than we've seen in the region for several years, however this did do not deter some hardy TVRers!

5 cars made it over to Sywell to meet up with the Northamptonshire region, admittedly the journey over was a lot slower than usual but we all arrived in good shape.

We even had a late arrival in the form of Nicky, who in a bid not to be dictated to by the weather had roped the farmer, his quad bike and his children literally to the front end of her Cerbera to help get it out of the barn, across the field and down the track onto the road. If we had an award for sheer determination to get to a TVR event in a TVR it would go to our Nicky, without a doubt.

I've never been to the Aerodrome at Sywell and I would recommend it to anyone who loves art deco interior design, quality food and good company – The Northants region made us very welcome and we will be going back again later in the year hopefully when the roads are a lot faster!

Kevin & Lisa have now joined Nigel & Sue, and bought a 2nd Sagaris to the region, and a well done to Kevin for giving its debut run out at the beginning of the month over to Sywell.

The first 6 months events for this year have been published on our website, the club site and in Sprint so we hope to have a good turn out at each event, although with 3 events to choose from on the Spring Bank Holiday in May it could be difficult choice which one to pick as all 3 sound like they will be good fun!

As you know we change over this month (April) to the 3rdThursday and have been looking at a change of venue if we can find one that ticks all the boxes, as the current meeting place is failing short of the mark in a few areas. So watch the Cambs web-site, regional forum on the club website and your email for information of the new meeting place.

Take care till next time,
Zoe.
